Professional Profile

Multicultural and multilingual Front End Designer/Developer with a passion for delivering sleek & accessible web projects. Possesses excellent multilingual communication in English, Dutch & French. Proven in creating easy-to-use and fully functional front-end web applications. Able to analyse, assess, and mitigate arising errors and issues promptly. Maintains a keen eye for detail, while remaining creative across all projects. Thrives in team-oriented and Agile/Scrum environments.

Competencies & Skills

Project Management ▪ HTML ▪ CSS ▪ APIs ▪ Vue.js ▪ JavaScript ▪ Bootstrap ▪ GSAP ▪ WCAG ▪ Figma ▪ Canva ▪ Prototyping ▪ E2E testing ▪ Typescript

Career Summary

 Frontend Developer Intern 2026
House of Tickets ▪ Leiden, The Netherlands

RESPONSIBILITIES

- Integrated and used REST APIs for a client-facing dashboard displaying real-time profit and event attendance data
- Built and maintained reusable Vue.js components with TypeScript
- Conducted accessibility audits against WCAG 2.2 standards and resolved contrast, keyboard navigation and screen reader issues
- Ran Lighthouse performance checks and iterated on load times, asset optimisation and rendering bottlenecks
- Built on the feedback from multiple clients to design and deliver a dashboard that clearly visualised key business metrics including revenue trends and event attendance figures

Education

 Bachelor of Linguistics
Utrecht University ▪ Utrecht, The Netherlands

NOTABLE MODULES

- Included: Psychology of Language, Language Development, Digital Tools and Methods, Comparative Morphosyntax, and Methods and Statistics

 Frontend Design & Development
Amsterdam University of Applied Sciences ▪ Amsterdam, The Netherlands

NOTABLE MODULES

- Worked with multiple clients (e.g. Antoni van Leeuwenhoek Hospital, Lab Digital & SRON) for 3-6 months at a time to further develop skills in HTML, CSS and JavaScript, as well as the use of frameworks such as SvelteKit, Vue.js and bootstrap.
